

THE NEW GENERATION OF COMPUTED TOMOGRAPHY

# THE NEW WENZEL exaCT® U

Capture your parts DNA

- Speed, because time is money
- One Measurement, multiple evaluations to save time
- Small footprint to save money
- Flexibility to get you the solution YOU need
- Low cost of ownership

## NEW FEATURES

- Huge Measuring Volume
- Huge Power up to 600 kV
- Unprecedented Reconstruction Speed
- Flexible resolution
- Built for Automation

## BENEFITS OF WENZEL CT SYSTEMS

- Speed, because time is money  
Fast Scanning | Fast Reconstruction | Fast Evaluation
- One Measurement, multiple evaluations to save time  
Metrology with Virtual CMM | NDT and defect analysis | Microstructure Analysis
- Small footprint to save money  
Largest volume for smallest footprint | Shop floor | Desktop versions for easy loading
- Flexibility to get you the solution YOU need  
Large range of volumes and configurations | Software for different applications | Range of power sources and detector resolutions
- Low cost of ownership  
Maintenance free or low maintenance source | Precision mechanics for greater uptime | Longer calibration intervals
